

Infection Control Measures

~Please take the following precautions to help prevent the spread of COVID-19~

- **Be sure to wear a face mask and use hand sanitizers at the entrance.**
Those who do not wear a mask are not allowed to enter the building.
- **Body temperature is measured by the thermal imaging camera at the main entrance.**
East and basement entrances can be used only to patients with a wheelchair and those who came by car.
- **To those who were diagnosed with COVID-19 or had a close contact with those who contracted COVID-19 require care, please inform our staff when you make an appointment or at the hospital entrance.**
- **Please minimize the number of people who may accompany a patient when coming to the hospital to get in-person care.**
- **Please be sure to notify our staff at the hospital entrance when you have or had any symptoms such as fever, sore throat, cough, loss of taste and loss of smell in the past 10 days .**
