

Visitor information

Visting hours:13:00-19:00

From Monday to Sunday including national holidays

- Each visit is limited to 30 minutes.
 - Please be sure to wear surgical face masks for the purpose of infection control.
 - Those who have a temperature 37.5°C or more, cold symptoms, diarrhea, vomiting or symptoms of an infection cannot visit patients.
 - Child visitors under the age of 15 are not permitted inside the ward to maintain a quiet environment and to prevent infection for inpatients
 - Visitors are asked not to eat or drink with patients while visiting.
 - Please do not bring food or drinks including uncooked fresh items
 - Visitors should meet patients in lounge areas on each patient floor or in patients' room.
 - Visitors may not be able to meet patients depending on their conditions. Your cooperation will be greatly appreciated.
-
- ◆ Visitors need to check in and fill out a visitor information form to obtain a visitor pass at after-hours reception (east entrance on the 1st floor) or the building safety control center on the basement (B1F).
 - ◆ Visitors without a visitor pass are not allowed to enter the ward.
